**To:**

Good afternoon,

Leeds East Airport (LEA) is seeking to introduce instrument approach procedures (IAPs) to two of its runways. These approaches are intended to support the development of the airport into a Business and Executive Aviation hub for North Yorkshire, permitting safe use of the airport under a wider range of weather conditions.

LEA is consulting on this change according to the CAA airspace change process. There have been two previous consultations on these new routes in 2017 and 2019. The designs have been updated following the feedback received and this consultation presents the updated designs.

The consultation document, which describes the proposed change and how to respond, is available here <https://www.leedseastairport.co.uk/>

We can post you a copy if you cannot access it online. Please email us in this case.

The stakeholder consultation runs for 12 weeks to 13 May 2021. We encourage you to submit your comments as soon as possible.

We will also hold an online workshop during the consultation on 14 April at 1000 – 1200. Joining details will be sent out in advance to all consultees.

Kind regards

Good afternoon,  
"Please find version 2.1 of the Leeds East Airspace Change consultation 2021 v2.1"  
The previous version had an error where it stated "Leeds East will monitor the Pilot  
Aware/Atom surveillance system and announce traffic to aircraft" This statement is  
incorrect and has been removed.  
If you have any questions please respond to the consultation as detailed in the  
attached document, Leeds East Airspace Change Consultation 2021 v2.1

Good afternoon,  
This email is to remind you of the ongoing consultation for Leeds East airspace change.  
We have received questions on the consultation so we have attached a Q&A for your perusal.  
You can download the consultation document here [www.leedseairport.co.uk](http://www.leedseairport.co.uk)  
You can respond until 13th May but earlier responses are welcome.  
We are holding an online consultation workshop on 14th April from 1000am-1200pm.  
We will describe the change and take feedback/questions on it. The first part of the meeting will be on the overall change, and the 2nd part focusing on other airspace users. The joining details are given below. It will help us if you let us know you intend to join and can provide questions in advance.

Good afternoon,  
The Leeds East Consultation will close in two weeks on 13 May. This is a final reminder to provide any feedback on the consultation by then.  
We have been asked to provide the draft Letter of Agreement with York Gliding club to show the draft co-ordination measures that were under discussion with the gliding club. This does NOT reflect the correct flight tracks in the consultation so please disregard these.
